* The 'capacity' (number of people) is based on rooms set up for meetings or events in a 'theatre' style layout. The number will be lower where a room is being used in 'boardroom' meeting style.

** There's a wide range of layout options for the Barn Hall - so the capacity depends very much on the choice of layout. Please enquire if you'd like to discuss the various options.

All of these rooms (with the exception of the Bunyan Room) are on the ground floor, with good level access.
